Notes

Because of the numerous and frequent land acquisition partnerships in Florida, the acres and expenditures reported in this table may also be reported elsewhere in the Land Acquisition Strategy. No attempt was made to eliminate double reporting. "Primary Objective" is the South Florida Ecosystem Restoration objective to which this project most contributes. LATT County Project table 2003

Palm Beach County Land Acquisitions and Projects Contributing to the South Florida Ecosystem Restoration As of June 30, 2004

County Program Name(s): Environmentally Sensitive Lands and Conservation Lands Acquisition Programs

		Acres	
	Total	Acquired Estimated Expended by	Total Expended Interest Held Primary
Project Name	Acquisition Partner(s) Acres	to Date Total Cost County to Date	to Date by County Objective

"Interest Held" is fee simple or less than fee.
